CUSTOM	Sizes 4'x4' up to 16'x16'	CALL FOR PRICING		
All booths include shipping, cable ports, lighting and active ventilation.			<b>TOTAL</b>	

1.) Sales representative must fill out the order confirmation form complete with signatures of BOTH the sales representative AND the customer. Fax the completed order form to (801) 659-2475. Incomplete forms cause delays. Please be sure to mark the appropriate check boxes for BOTH the Door Hinge Placement AND appropriate Ceiling Height. Unchecked options will revert to their default factory selections. Additional order forms for this promotion can be found at our web site at <http://www.iso booth.com/forms>. Or call (541) 330-1699 to have a form faxed to you.

2.) Call IsoBooth to confirm the FAX was received.

3.) Initiate special order with your corporate headquarters. Customer order is valid when IsoBooth receives both the purchase order AND the signed order confirmation from the store.

4.) Inform customer of delivery information as specified on the order confirmation form.

**IMPORTANT!** By signing the order confirmation form, I hereby acknowledge I have read and fully comprehend the terms and conditions set forth in the IsoBooth Limited Warranty and Shipping Information listed below.

ORDER FORM & WARRANTY / SHIPPING AGREEMENT ACKNOWLEDGMENT

Please Fill Out Form Completely

**All IsoBooths are completely enclosed systems and include:** lighting, active ventilation and cable ports. All windows are optional.

**IsoBooth Series comparison:** The Silver and Gold Series are both single wall designs. The Gold Series has an additional 1/2" hard wall and a solid wood door for greater sound reduction. The Platinum Series is a double wall design with a sub floor system for optimum sound reduction. The Diamond Series is available in either the Gold or Platinum wall design. The Silver Series is available in 4' x 4' size only. The Gold and Platinum Series are available in sizes 4' x 4' up to 16' x 16'. The Gold and Platinum Series can be upgraded in size at a later date. The Gold Series can be upgraded to the Platinum Series at a later date. Custom sizes are available for the Gold and Platinum Series. The Silver and Gold Series feature wall-to-wall interior acoustic foam. The Platinum Series has a fabric wrapped interior. Exterior for all IsoBooths is heavy acoustic fabric.

**Dimensions Listed for all sizes are exterior.** For interior dimension, reduce by 3 inches from each side. Wall side with ventilation system will add an additional 8" to external dimensions.

**Standard interior height for all IsoBooths is 82".** Optional height upgrade increases interior height to 91" and requires 9' available ceiling clearance.

**Ceiling Height Requirements:** Silver and Gold Series require an existing ceiling height of 7'6". The Platinum Series requires a ceiling height of 8'. Custom height increase, up to 8' require a minimum of 9' ceiling clearance. Ceiling mounted ventilation requires additional clearance. Call for custom height options.

**All IsoBooths are complete stand alone systems.** No special tools or electrician required. Assemble and disassemble an unlimited number of times with easy to read instructions. A minimum of two persons needed for assembly.

**Panels are interchangeable for Gold, Platinum and Diamond Series.** Customer decides where door, window and vent panels go during assembly. The Silver Series has ventilation opposite door with choice of window placement on either side during assembly.

## SHIPPING INFORMATION

Shipping is via a national trucking company to be shipped "standard delivery". You must remove the crates and the contents from the truck yourself. If this is not acceptable, please contact IsoBooth to obtain a new shipping quote. IsoBooth is not liable for freight damage if crate is opened and repacked by customer or agent of customer while sound room is in transit. Customers will be responsible for handling all freight damage claims. Any damage due to shipping must be immediately reported to the freight delivery person and recorded on delivery receipt. Customers may be liable for unreported damage. Replacement parts are sent standard ground freight. We cannot guarantee delivery dates and times. The freight company may be able to remove the crate for an additional charge. Ask freight dispatch person for details. Larger sound rooms require 3 to 6 people due to the numerous amount of panels to unload. Tools needed are a cordless drill with a Phillips head bit for removing crate screws, a utility knife to cut banding and a claw hammer to pull the crate apart. It should take no more than 30 minutes

All these procedures can be done for a fee (called inside delivery) but most customers choose to coordinate delivery themselves. Freight has been pre-paid. If asked to pay additional charges or are having any difficulties please call IsoBooth immediately. Also, contact IsoBooth immediately and preferably before the driver leaves, if any damage to the crate or its contents. Have the driver document any damage on delivery paperwork. Customer may be liable for any undocumented damage. Allow up to three weeks for delivery. Shorter delivery turnaround may be available. We cannot guarantee delivery dates and times.

## LIMITED WARRANTY & IMPORTANT INFORMATION

Standard retailers' guarantees and warranties do not apply. Any defects in materials or workmanship will be repaired or replaced at our factory location within one year from date of purchase. All shipping and handling costs are purchaser's responsibility. This warranty does not cover damage that results from misuse, mishandling, abuse, vandalism, alteration, or lack of reasonable care. Any alterations to product without written consent from IsoBooth nullifies warranty. All sound rooms are for indoor use only and are not 100% soundproof. Sound rooms are modular, non-permanent, stand-alone structures without electrical wiring. Compliance with local and national building codes is purchaser's responsibility. We use non-toxic water based paints. Touch up paint may be necessary. All panels and parts are standard sized building materials. Most tolerance levels rated at 1/4". Sound rooms will not withstand human weight or storage above ceiling. IsoBooth will not compensate for assembly or time loss due to non-booth usage. Receipt of company purchase order and/or signed order confirmation initiates fabrication and delivery process. Receipt of company purchase order and/or signed order confirmation will be considered a final sale whether booth has shipped or not.

This is a custom product made to order with no return policy. Any returns considered are made solely at the discretion of IsoBooth. Any returns accepted will require customer to pay for all shipping charges and a 15% restocking fee with product returned by customer in "like new" condition. Customer will be liable for damaged returns. If default is made in the payment of any sums due to IsoBooth, the customer agrees to pay all necessary and reasonable attorneys' fees, court costs and other expenses incurred by IsoBooth which are necessary and reasonable for collection of the sums due to IsoBooth. Customer/contact person and credit card holder/trustee sign and date below and send or fax to address above. Credit cards will be processed the day order is placed. Customer must provide valid picture ID at time of delivery if sound room is not shipped to credit card address.

**IMPORTANT!** By signing the order confirmation form, I hereby acknowledge I have read and fully comprehend the terms and conditions set forth in the IsoBooth Limited Warranty and Shipping Information listed above.
